PEDIATRIC S.I.M.S. FOR EMERGENCY PHYSICIANS

SIMULATION INTERACTIVE MEDICAL SEMINAR

**Thursday May 14th, 2009 and
Thursday December 3rd, 2009**

Medical Simulation Center

Rhode Island Hospital
A Lifespan Partner

BROWN
Alpert Medical School

COURSE DESCRIPTION

The pediatric emergency physicians at Hasbro Children's Hospital invite you to experience state-of-the-art training at the Rhode Island Hospital Medical Simulation Center.

Attend a hands-on workshop to help you refine your skills in pediatric emergencies, including:

- Respiratory emergencies
- Cardiac emergencies
- Neurologic emergencies

Individuals will also participate in skills stations:

- Pediatric airway management skills
- Access skills: IV, IO
- Alternate routes of drug administration: nasal and rectal

Attendees practice "code" situations in a realistic environment to enhance their skills in caring for critically ill children with guidance from our expert faculty.

OBJECTIVES

Upon completion of the conference, participants should be able to manage pediatric emergencies including the following:

- Respiratory emergencies
- Cardiac emergencies
- Neurologic emergencies

WHO SHOULD ATTEND

This course is designed for physicians who desire instruction on the management of emergencies in infants and children. The course offers the opportunity to implement this knowledge and skill set in a simulated environment.

PEDIATRIC S.I.M.S. FOR EMERGENCY PHYSICIANS

SIMULATION INTERACTIVE MEDICAL SEMINAR

WORKSHOP AGENDA

7:15 A.M. REGISTRATION AND CONTINENTAL BREAKFAST

7:45 A.M.

BLUE CHILDREN

- Severe asthma, severe croup
- Congenital heart disease
- Foreign body removal
- Airway management
- X-ray tips

8:40 A.M.

SHOCK

- Severe dehydration
- Congenital heart disease
- Endocrinologic emergencies

9:40 A.M.

BREAK

9:50 A.M.

SEIZURE MANAGEMENT

- Febrile seizures
- Meningitis
- Trauma

10:25 A.M. UPDATE ON FEVER WORK-UP

10:55 A.M.

RESPIRATORY STATION

- Pediatric airway management skills

11:45 A.M.

ACCESS STATIONS

- IV secrets, U/S guided peripheral IV placement
- IO practice
- Nasal and rectal drug administration
